Goals of Downtown Ministries

Downtown Ministries provides a shelter-voucher-program and services for homeless families.

The ministry's outreach focus is at low-income motels to feed, clothe and provide other necessities. Bible studies and counseling are offered. DTM also seeks to fully furnish apartments for families transitioning into homes. In addition, summer day camps and enrichment activities are held for children.

Donations are subject to discretion in use or sale. The homeless have priority. Overflow sales will provide more shelter, food and services to those in need.

DTM offers its services in the name of Christ. Services are tendered to all people regardless of national origin, creed, age, sex or handicap.
